2015 RATES

The Lower Mahanoy Township Municipal Authority Board of Directors approved a budget for 2015 that does include a \$5 monthly rate increase for our sewer customers. All other fees will remain the same for the upcoming year. The Authority has not instituted a rate increase for their sewer customers since 2010. Due to the costs associated with the oil spill and environmental cleanup, the Authority has incurred a substantial amount on their line of credit. With interest payments due each month and the Board desiring to reduce the amount on the line of credit, an increase was needed to offset these extra costs. Most of this increase could have been averted if the Line Mt. School District would have reimbursed the Authority the \$143,453 expended as a result of the oil spill and environmental cleanup. We encourage our customers to contact members of the Line Mt. School Board to approve payment of what is rightfully owed to the Authority for the expenses of the cleanup.

OUTDOOR FAUCETS

The Authority would like to remind everyone to check their outdoor faucets. Freezing temperatures can cause your outdoor faucet to freeze and break causing water loss. Other things that can happen if it is not caught would be cloudy water and reduced pressure along the system for our other customers. Please make sure all outdoor faucets have been winterized.

WEBSITE

The Lower Mahanoy Township Municipal Authority has a website that our customers can access for newsletters, meeting dates, hydrant flushing dates, contact information and rules and regulations for the water and wastewater systems. The web address is LMTMA.COM.

ELECTRONIC BILLINGS

The Lower Mahanoy Township Municipal Authority has the capability to send your quarterly billings to you electronically. Newsletters and hydrant flushing notices would also be included with the billing. Anyone interested in participating should visit our website and sign up in the customer service tab.

DAMAGE

Please contact the Authority Office immediately at [570-758-3615](tel:570-758-3615) if you discover that damage has occurred on either the water or wastewater system so that the proper repairs can be scheduled. The Authority would like to say thanks to those people who have taken the time to report damage and/or leaks. It is greatly appreciated.

VENTS & HYDRANTS

It's that time of year when each of our customers should remove the snow when it is blocking sewer vents or fire hydrants. We thank you for your cooperation in this matter.

DROP BOX REMINDER

For all new customers, the Authority would like to let you know that there is a drop box available at the office on River Road for your payments. However, for your security, the Authority asks that you please do not place cash in this drop box.
