2016 RATES

The Lower Mahanoy Township Municipal Authority Board of Directors approved a budget for 2016 that does not include a monthly rate increase for our customers. All other fees will also remain the same for the upcoming year. The Board Members felt that since the senior customers of our system would not be receiving an increase in their Social Security benefits, the Authority would adopt a budget without an increase in water or sewer rates.

NEW ADDRESSES

With the closing of the Dalmatia Post Office, most people have been given a new address rather than their PO Box number. If you have not contacted our office with your new address, please do so that we may correct our records. Please refer to the following from the Rules and Regulations concerning address changes: ***SECTION 7.03. The Owner of an Improved Property, which is connected to the Sewer System, shall provide the Authority with and thereafter shall keep the Authority advised of the correct address of such Owner. Failure of any Person to receive monthly bills for sewer rentals or charges shall not be considered an excuse for nonpayment, nor shall such failure result in an extension of the period of time during which the net bill shall be payable.***

PA 147 WATER SYSTEM LINE IMPROVEMENTS

The Board Members would like to thank everyone who cooperated in completing an income survey this past year. The Authority has qualified for some funding from the County to help with the cost of replacing the existing water line in State Route 147 prior to PennDot's proposed paving.

OUTDOOR FAUCETS

The Authority would like to remind everyone to check their outdoor faucets. Freezing temperatures can cause your outdoor faucet to freeze and break causing water loss. Other things that can happen if it is not caught would be cloudy water and reduced pressure along the system for our other customers. Please make sure all outdoor faucets have been winterized.

Customer Service is Our #1 Priority
After hour contact – 570-274-0554

ELECTRONIC BILLINGS

The Lower Mahanoy Township Municipal Authority has the capability to send your quarterly billings to you electronically. Newsletters and hydrant flushing notices would also be included with the billing. Anyone interested in participating should visit our website and sign up in the customer service tab.

DAMAGE

Please contact the Authority Office immediately at 570-758-3615 if you discover that damage has occurred on either the water or wastewater system so that the proper repairs can be scheduled. The Authority would like to say thanks to those people who have taken the time to report damage and/or leaks. It is greatly appreciated.

VENTS & HYDRANTS

It's that time of year when each of our customers should remove the snow when it is blocking sewer vents or fire hydrants. We thank you for your cooperation in this matter.

DROP BOX REMINDER

For all new customers, the Authority would like to let you know that there is a drop box available at the office on River Road for your payments. However, for your security, the Authority asks that you please do not place cash in this drop box.
