2017 RATES

The Lower Mahanoy Township Municipal Authority Board of Directors approved a budget for 2017 that does not include a monthly rate increase for our customers. All other fees will also remain the same for the upcoming year.

DROUGHT WATCH

DEP issued a drought watch which includes Northumberland County. The Authority would like to remind their water customers to reduce their water consumption by 5% through voluntary measures until further notice. We appreciate your cooperation in this important matter.

CONTACT STATE SENATOR & STATE REPRESENTATIVE

The Authority is requesting that the customers affected by the water line replacement project along State Route 147 please send a letter to Senator John Gordner and Representative Lynda Schlegel-Culver asking for their support on this important project. Please call the Authority office for information to prepare a letter of support.

PA 147 WATER SYSTEM LINE IMPROVEMENTS

The Board Members would like to keep their customers informed on the progress of this water line replacement in the highway. The Authority has applied for additional funding through the PA Small Water and Sewer Program. The Northumberland County Commissioners have generously supported this project by allocating funding in 2015 and 2016.

OUTDOOR FAUCETS

The Authority would like to remind everyone to check their outdoor faucets. Freezing temperatures can cause your outdoor faucet to freeze and break causing water loss. Other things that can happen if it is not caught would be cloudy water and reduced pressure along the system for our other customers. Please make sure all outdoor faucets have been winterized.

Customer Service is Our #1 Priority
After hour contact – 570-274-0554

ELECTRONIC BILLINGS

The Lower Mahanoy Township Municipal Authority has the capability to send your quarterly billings to you electronically. Newsletters and hydrant flushing notices would also be included with the billing. Anyone interested in participating should visit our website and sign up in the customer service tab.

DAMAGE

Please contact the Authority Office immediately at 570-758-3615 if you discover that damage has occurred on either the water or wastewater system so that the proper repairs can be scheduled. The Authority would like to say thanks to those people who have taken the time to report damage and/or leaks. It is greatly appreciated.

VENTS & HYDRANTS

It's that time of year when each of our customers should remove the snow when it is blocking sewer vents or fire hydrants. We thank you for your cooperation in this matter.

DROP BOX REMINDER

For all new customers, the Authority would like to let you know that there is a drop box available at the office on River Road for your payments. However, for your security, the Authority asks that you please do not place cash in this drop box.
