WEBSITE

The Lower Mahanoy Township Municipal Authority has a website that our customers can access for newsletters, meeting dates, hydrant flushing dates, contact information and rules and regulations for the water and wastewater systems. The web address is **LMTMA.WEB.OFFICELIVE.COM** . Effective 5/1/2012 the Authority's web address will be changing to **LMTMA.COM**. Make sure you check out the new look.

DAMAGE

Please contact the Authority Office immediately at 570-758-3615 if you discover that damage has occurred on either the water or wastewater system so that the proper repairs can be scheduled. The Authority would like to say thanks to those people who have taken the time to report damage and/or leaks. It is greatly appreciated.

POOL FILLING RESTRICTIONS

The Board adopted regulations in 2006 concerning the filling of swimming pools of consumers on the water system. No consumer shall be permitted to use any water from the water system for the purpose of filling or adding water to a swimming pool whether in-ground, above-ground or inflatable with a size larger than 300 gallons of total capacity without the prior written consent from the Authority. If a consumer desires to fill or add water to a swimming pool, the consumer must contact the Authority or its operator to obtain the written permission as to the time, date and amount of water which the consumer may use to fill or add to the pool and any restrictions that may be placed upon the water service at that time. If the consumer violates this provision, the water service to the property may immediately be terminated without prior notice and in addition, the violator shall be subject to the payment for the cost for termination or restoration of service, the actual or estimated amount of water used and a penalty of \$300 for damage to the water system. For more information, consumers may either contact the Municipal Office at 758-3615 or the plant operator at 274-0554 **or the new website after 5/1/2012.**

RESURFACING OR CEMENTING

The Authority would like to remind all its customers that if you are planning to resurface your driveway, cement new sidewalks or any other work that would come in contact with your water or wastewater service lines, you must contact our operator at 274-0554 at least 48 hours in advance of the work to be performed on your property.

Customer Service is Our #1 Priority
