- June 21, 2016 – 6:30 pm

Telephone: 570-758-3615

Website: LMTMA.COM

LEAD ISSUES IN MICHIGAN

In light of the recent developments in Flint, Michigan concerning the problems with lead, the Authority would like to inform our water customers that a sequestering agent is used to protect our water customers from any possible contamination from lead or copper in the pipes and are required by the Department of Environmental Protection to test certain homes every three (3) years to confirm that the sequestering agent is working. The lead and copper testing is scheduled for June.

POOL FILLING

If a consumer desires to fill or add water (300 gallons or more) to a swimming pool, the consumer must contact the Authority or its operator to obtain the written permission as to the time, date and amount of water which the consumer may use to fill or add to the pool and any restrictions that may be placed upon the water service at that time. If the consumer violates this provision, the water service to the property may immediately be terminated without prior notice and in addition, the violator shall be subject to the payment for the cost for termination or restoration of service, the actual or estimated amount of water used and a penalty of \$300 for damage to the water system. For more information, consumers may either contact the Municipal Office at 570-758-3615 or the plant operator at 570-274-0554 or you may send a request through our website under the customer service heading on the left of the webpage. If you are not sure how much water your pool holds, under the “fill a pool” heading in the drop down box in the customer service section, there is place to calculate the amount of water needed.

RESURFACING OR CEMENTING

The Authority would like to remind all its customers that if you are planning to resurface your driveway, cement new sidewalks or any other work that would come in contact with your water or wastewater service lines, you must contact our operator at 570-274-0554 or by email at LMTMA@LMTMA.COM at least 48 hours in advance of the work to be performed on your property.

Customer Service is Our #1 Priority
