2026 RATES

The Lower Mahanoy Township Municipal Authority Board of Directors approved a budget for 2026 that does include a \$3 per month rate increase for our wastewater customers bringing the monthly wastewater rate to \$75. Because of increasing electric and maintenance costs, the increase was necessary. The Authority continues to pursue grants to provide improvements to our water and wastewater systems.

DROUGHT WATCH

The PA Department of Environmental Protection has issued a drought watch for several counties including Northumberland County. Water customers of the Authority can check the website LMTMA.COM for information concerning any water restrictions the Authority may have to impose on its customers.

DAYCARES

PA Department of Environmental Protection requires that the Authority as a public water supplier test all child care facilities that are connected to the water system. Please send an email to LMTMA132@GMAIL.COM so that we can get you scheduled for lead and copper testing in the near future.

CUSTOMER SERVICE LINE PHOTOS

The Authority is looking to update their water system records. We are asking all water customers to provide a photo of the water service line where it enters the basement. Pictures can be texted to 570-274-0554 or emailed to LMTMA132@GMAIL.COM. If you do not have either texting or emailing capability, please contact the office at 570-758-3615 to schedule a time that the Operator could come out free of charge to secure a photo.

BILL PAY

For those customers of the Authority who have online banking, most financial institutions will have bill pay available to their customers at no cost. Please check with your bank as this could differ from institution to institution. Setting up a monthly automatic payment to the Lower Mahanoy Township Municipal Authority would eliminate the cost of late fees in case of forgetting to pay your water and sewer bill. **For those that have automatic payments set up already, please make sure you increase your automatic billing by \$3 to reflect the wastewater rate increase.**

Customer Service is Our #1 Priority
After hour contact – 570-274-0554

VENTS & HYDRANTS

It's that time of year when each of our customers should remove the snow when it is blocking sewer vents or fire hydrants. We thank you for your cooperation in this matter.

CONTACT INFORMATION

If any of our customers have changed their phone number or email address, please send an email with the updated information to LMTMA132@GMAIL.COM. Also please specify if the new phone number is a cell phone or landline. The Authority now has the capability for texting of non-emergency questions to 570-274-0554. There are times when we need to contact our customers in an emergency and if we don't have updated contact information there is no way to get in touch with you quickly.

OUTDOOR FAUCETS

The Authority would like to remind everyone to check their outdoor faucets. Freezing temperatures can cause your outdoor faucet to freeze and break causing water loss. Other things that can happen if it is not caught would be cloudy water and reduced pressure along the system for our other customers. Please make sure all outdoor faucets have been winterized.

2026 MEETING DATES

January 20, 2026	6:30 pm	July 21, 2026	6:30 pm
February 17, 2026	6:30 pm	August 18, 2026	6:30 pm
